

## Mr Amardeep Sibia

CEO

SatSure

SatSure is a large area analytics company based in Bangalore, Dubai, London and St. Gallen. SatSure leverages advances in satellites, machine learning and big data analytics for generating business-critical insights across multiple domains like agriculture, forestry, insurance, irrigation, cities, environment and oil & gas.

Amardeep is responsible for overall company strategy, direction and growth. He has over 24 years of professional experience. Previously, Amardeep was CTO at Earth2Orbit and a Vice President at Goldman Sachs, where he served for 17 years across US, UK and India.

Amardeep is an alumnus of Indian Institute of Management, Bangalore (IIMB) and he holds a Bachelor of Technology with Honours from Thapar University, Patiala.

He is a member of CII's National Committee for IT and NASSCOM's Core Group for AgriTech. He is also a guest faculty at IIM, Bangalore where he teaches analytics.
